

## Delivering Value by Providing End-to-End Learning Administration Support for 45,000 Learners

### Our Customer

One of the world’s largest metal and mining corporations with 47,500 employees in 35 countries across 6 continents. With its diverse portfolio, the company has a significant presence in Australia, North America, Asia, Europe, Africa, and South America. The company’s approach is driven by a clear strategy, with the goal of delivering superior value for their shareholders through the cycle. Their strategy plays to their strengths: world-class assets, talented employees, a strong balance sheet, and operating excellence.
