

Enabling Cornerstone Compliance while Optimizing L&D Vendors by 73%

Our Customer

A leading oil and gas company with operations in 70 countries. The company produces oil and gas, fuels and lubricants, wind power, and natural biofuels. They also manufacture, and market fuels and raw materials used in thousands of everyday products, from mobile phones to food packaging.

How We Help

Through its strategic sourcing engagement with the customer, NIIT helped:

-  Centralize vendor management
-  Improve the efficiency of processes involved in learning management
-  Rationalize the learning portfolio
-  Reduce learning spend

NIIT has worked with the customer on multiple and disparate Learning and Development Projects, including a highly sensitive compliance project moving thousands of certifications and groups over to Cornerstone.

High Point NIIT helped the customer optimize the number of L&D vendors by **73%**
