

High-End Consulting and Administration Services for 200,000 learners

Our Customer

Founded in 2004, our customer is an online social network service with offices in more than 80 cities worldwide. The company builds technologies that help people connect, find communities, and grow businesses. When they first launched, they changed the way people connect and their apps further empowered billions around the world. Now, the company is moving beyond 2D screens toward immersive experiences like augmented and virtual reality to help build the next evolution in social technology.
