**02**  
Be lean and agile

**03**  
Ensure a laser focus on business to drive business value

**04**  
Provide data driven analytics to prove business value

**05**  
Drive innovation

## And some no brainers

Install relationship managers to create link to the business

Optimize training delivered by outside providers

Measure what matters

Dramatically reduce your fixed costs

Utilize outsourcing as a strategic lever to:

Gain access to capability and experience you don't have and/or can't afford to build

Variablize your costs

Reduce your unit costs

Gain scalability
